Call for Vision Papers

## Higher Education

### Digital Didactics – Scaffolding a New Normality of Learning

Isa Jahnke & Anders Norberg (Umeå University, Sweden)

*Higher education is like an old building that is being constantly augmented with new technological fixes, but the authors propose that it is time to radically question and rethink education, to build a new house from bottom up in order to construct a new normality, which we propose to call “Digital Didactics”.*
